

A wide-angle photograph of a snow-covered road in a winter setting. The road, marked with tire tracks, leads from the foreground into the distance, flanked by snow-covered ground and evergreen trees. A bright sun is positioned in the upper left, creating a strong lens flare and casting long, dark shadows across the snow. The overall scene is serene and cold.

WEST YELLOWSTONE

MONTANA, USA

South Plateau in the 1970's

Audun Endestad (future US Ski Team member) skiing Dead Dog (Rendezvous Ski Trails) in the early 1980's.

TOPICS

- Full-size grooming equipment
- Summer tracks (early season)
- Front renovator (hard cond.)
- Front blade techniques

- Roller advancements
- Narrow comb
- Ginzu groomer

RACE GROOMING AT WEST YELLOWSTONE WITH AN ALPINE CAT (1983)

CONFIGURING SNOW CATS FOR EARLY SEASON VS MID-WINTER GROOMING

LEFT: PB400 WITH X TRACKS
AND LIGHT WEIGHT 3.9M
TILLER

RIGHT: PB400 WITH WINTER
STEEL TRACKS AND 4.3M
FLEX TILLER

HANS HALL FISHBONE SUMMER TRACKS

PISTENBULLY X TRACK

PISTENBULLY 400
WITH RENOVATOR

USING FULL
FORWARD CURL
ON A FRONT
BLADE

SMALL GROOMING TOOLS, MOSTLY USED BY SMALL CLUBS, CAN ALSO BE VERY USEFUL AT LARGE EVENTS/VENUES

YTS rollers being used to pack fresh snow at the Vancouver Olympic games

YTS Ginzu being used to touch up fresh snow at the Rendezvous Ski Trails

Wishing you a season of good skiing...
